

Nursery Update

10/12/21

Advent:

For the last two weeks we have been learning about Advent. The children have learnt that Advent is a special time when we WAIT and PREPARE for the birth of baby Jesus.

We have been busy making decorations for our classroom and preparing surprises for our families!

We have also been reading the Nativity story. If you would like to do some optional home learning on this with your child I have attached some story cards for you to sequence and talk about with your child.

Key Vocabulary: Advent Angel Shepherd Wise men Stable
Manger Bethlehem Inn

EYFS Christmas Production:

I would like to take this opportunity to say a big well done to all the children for performing so well in each of our Christmas performances. Thank you too to all who came to see us. I hope you'll all agree they did a fantastic job!

Next week:

Next week we will continue our Christmas preparations and also start to look at repeated patterns and shapes. We will be reading 'The Snowman' by Raymond Briggs and experimenting with different shapes to make our own snowmen.

Wednesday 15th December – Christmas Jumper Day—children can wear their own clothes to school including a Christmas jumper in exchange for £1 to go towards the Save the Children charity.

Friday 17th December – Christmas party day! - Children can come to school in their party clothes. They can bring a small packed lunch with them of party food that they will eat in school. Please do not include any nuts or foods containing nuts (no Nutella).

Tuesday 21st December— Last day & Mufti day. Children can wear their own clothes to school in exchange for a £1 donation to the school fund. We are currently raising money for new trim trails.

On the last day of term we will send home all school shoes and spares bags. Please check over the holidays in case your child has outgrown anything.

Thank you. Have a lovely weekend. Katy.

Five Ways to Wellbeing

KEEP LEARNING

Mathematical Words.

Can you think of 5 special maths words that you might have heard in class?

E.g. Big, small, 1 more, shape names, shape properties etc...
