

Dear Year 2s,

You've made it to half term!! What a different learning experience you will have had learning at home! We're sure you have all learnt new skills and had memories beyond what we have planned. Maybe you have learnt to be more patient or maybe you might have become more resilient in games. We could have some future chefs or gardeners, thinking back to one of our last days 'Big Me Day'; you could have become interested in new activities. There are no planned learning activities this week - please just continue to read every day. We are looking forward to seeing you all soon 😊

Take care and keep safe,

The Year 2 Team 😊
