

Friday 20<sup>th</sup> May

## Year 2 Update

The children have now completed the KS1 SAT exams in English and Maths. We are so immensely proud of their determination and perseverance. All of the children have worked so hard and more importantly, done so with a smile on their faces. They really are an asset to the school.

### R.E

In R.E the children have been learning about Pentecost when the Holy Spirit descended on the disciples. They have learned that the Holy Spirit is the friend that Jesus promised. The Holy Spirit will help people all their lives so that they can join Jesus in Heaven when it is time for them to go there. The dove is a symbol of the Holy Spirit and the children have made their own doves and taken them to the prayer garden to support their class worship.

**Key words:** Pentecost, Holy Spirit, disciples

As May is the month of Mary, next week the children will take part in a whole school procession where they will be singing the song 'Daily, Daily sing to Mary.'

This ceremony will be taking place on Friday 27<sup>th</sup> May and we would like every child to bring a flower (real or artificial) to school to carry as part of the procession.

### Science

The children have been comparing different habitats including woodlands and urban habitats. They have looked at the shelter, food and water available in each habitat and the animals they are suited to.

**Key words:** Habitats, food, water, shelter, survival.

Next week the children will be comparing two habitats.

### Geography

This half term the children have been learning about where their food comes from. Last week the children were looking at the amount of sugar in our food, they were surprised with the amount of sugar in coco pops. This week the children have been looking at the differences between root vegetables and fruits.

**Key words:** farming, dairy, greengrocers, sugars, produce
