

## Year 3 Padua Update 11.3.22

### RE

In RE this week, we continued to learn about the first part of the Eucharist in more detail and then the children wrote what happen in this part of the ceremony. Next week, we will learn about the second part of the Eucharist and look at the importance of the words in the Gloria which is a prayer praising and glorifying God.

Vocabulary- Sacrament, Eucharist, Mass, gathering, Liturgy of the Word, Liturgy of the Eucharist, Holy Communion, homily, ambo, altar, rite

### English

In English, we continued with our new text called 'The True Story of the Three Little Pigs'. This week we learnt how to use inverted commas for direct speech which we will use for witness statements when we start writing our own news report and also how to use conjunctions to provide additional information and facts when writing a recount of the events in the story. Next week, we are going to start writing our own news article.

Vocabulary- Inverted commas, coordinating and subordinating conjunctions, additional information, facts eyewitness account

### Maths

In Maths, we have started to learn how to use arrays to help us develop our knowledge of the 2, 5, 10, 3 and 4 times table using arrays. Next week, we will focus on division facts using arrays.

Vocabulary- multiples, arrays, division, share, repeated addition

You can see 6 groups of 2 counters, so  
 $6 \times 2 = 12$   
Or 2 groups of 6 counters, so  $2 \times 6 = 12$

Division facts-  $12 \div 2 = 6$   
 $12 \div 6 = 2$

Use the array to complete the number sentences:

$3 \times 5 = \square$

$5 \times 3 = \square$

$\square \div 5 = \square$

$\square \div 3 = \square$

### Science

In Science, we have continued to study rocks and their properties, the children created some observation drawing and discussed the shape, size and texture of the rocks. We also learnt about how different types of rocks are formed and sorted rocks according to whether they are igneous, sedimentary, or metamorphic. Next week, we will be learning about rock cycle and prepare to carry out an experiment using starbursts to help us understand the process even more.

Vocabulary- Igneous, sedimentary, metamorphic, properties, earths crust, earth's core, magma, lava, erosion, weathering

## Homework

This week's homework is a maths task please see Teams for further information. Please complete the maths homework in your child's maths book, there is no need to print off the sheet.

## Fairtrade Hamper

The Fair Trade raffle will be drawn at assemblies next week. As we have had such an amazing response, we will be adding one or two more smaller prizes. Thanks to everyone and good luck.

## Messages

- Please ensure that children make their meal choices using the School Grid in advance. There are children coming into school not having made a meal choice.
- Please ensure ALL equipment is in school, please refer to the handout provided at the beginning of Year 3 to see what your child needs.
- Please ensure that your child has a pair of light grey jogging bottoms for outdoor games in their PE kit. Please label these with your child's name.
- Your child can bring in some 'spares' clothing which can be worn at lunchtime when playing sports outside, so that their uniform doesn't get dirty, e.g. a pair of tracksuit bottoms and a jumper. These can be sent into school in a labelled plastic bag.
- A reminder that **no earrings** should be worn in school and long hair needs to be tied up.
- Reading books and your child's homework diary should be in their bag every day.

Thank you,

Have a great weekend,

Corinne

## Five Ways to Wellbeing

### **CONNECT**

Continue to say prayers for peace in Ukraine and for all those refugees who have had to flee the war.
