

Year 3 Padua Update 3.12.21

In RE this week the children completed their learning on Baptism, where they focused on the important symbols associated with Baptism. We then moved onto learning about Advent where the children wrote an advent promise that they will keep over the advent period.

In English, the children planned their diary entry and then started writing a diary entry which retells the story from the perspective of the dragon.

In Maths, the children have been learning various strategies to help them subtract large numbers. Initially we used a number line, then we used dienes and our knowledge of place value and finally we used our number facts.

In Science the children recorded the results they obtained in last week's experiment on friction onto a graph. They also learnt about magnets discovered that they can push and pull objects without actually touching and that magnetic materials will stick to a magnet and non-magnetic materials will not stick.

Homework

This week we would like the children to research magnets that are used in everyday life. We would like the children to write down some examples of these magnets and draw them onto the template we have provided.

Messages

- As the weather is now getting colder, can you please ensure that your child has a pair of light grey jogging bottoms for outdoor games in their PE kit. Please label these with your child's name.
- Your child can bring in some 'spares' clothing which can be worn at lunchtime when playing sports outside, so that their uniform doesn't get dirty, e.g. a pair of tracksuit bottoms and a jumper. These can be sent into school in a labelled plastic bag.
- A reminder that **no earrings** should be worn in school and long hair needs to be tied up.
- Reading books and your child's homework diary should be in their bag every day.

Thank you,

Have a great weekend,

Corinne
