

R.E

In RE this week we have started our new topic called 'God's People'. In this topic we will be learning about some of the special people that have lived and the things that they did throughout their lives. This week we were learning about Mother Teresa and her life. Next week we will be learning about Oscar Romero.

English

In English this week we started learning about discussion writing. We have discussed the features of discussions and how we can make sure our writing would give a balanced argument. We have started writing some arguments for and against school uniform. The children will be writing this up next week.

Pre teaching

Next week we will be learning about discussion writing. Please use the link below to see how to write a discussion text.

Maths

In maths this week we have been recapping our learning on perimeter and area. The children were able to use their times tables to support them with this. Next week we will be completing assessments based on what we have learnt this year.

Science

In Science this week we have been learning how water can be a solid, liquid and a gas. The children were able to use their learning on evaporation and condensation to help them explain these changes. Next week we will be conducting an experiment into evaporation.

Pre teaching

Next week in Science we will be conducting an experiment into evaporation. Use the link below to think about how this process works.

Key vocabulary from this week:

Maths vocabulary	English vocabulary
Perimeter Area Centimetres	Discussion Balanced argument Logical conjunctions

Cassiobury Farm trip

The children had a brilliant time on our trip this week. We learnt a lot about the different animals at the farm and we were lucky enough to see lots of the animals being fed. The children learnt about how our support will directly help the lemurs in Madagascar and it was lovely for them to take pride in learning about what they have done to help.

The children were impeccably behaved during the trip and should feel very proud of themselves. We have all written a letter to the farm to thank them for such a lovely day

5 Ways to Wellbeing

Get Active

This week we are inviting you to 'Get Active'.

Have a go with your families at making up a game.

Your game can have a small or large ball, a bat, a racquet, or other sports equipment.

Think about the rules of your game:

- How do you score points or goals?
- How many people are needed?
- Is the game going to be timed or is it the first to a certain number of points?

Your game can be similar to any sport you already enjoy playing but with one or two different rules.

Remember to get your family involved in your special game in a safe place.

Perhaps talk to your teachers about your game so that your class can have a go.

Most important- Have fun being active!

Homework

Rosary is due Tuesday 5th July 2022.

Spellings are due Thursday 7th July 2022

Sports Day

Lisbon Sports day is Monday 18th July.

Padua Sports day is Tuesday 19th July.

Extra information

- Please make sure your children are bringing in a water bottle every day. Especially with the weather being hotter. It is also a good idea to send them in with a cap or sunhat.
- There will be no school on Wednesday 6th July as there is a staff training day.
- The children will have their transition morning on Thursday 7th July.

Have a lovely weekend,

Sarah, Abbie and the Year 4 team 😊
