

R.E

In RE this week we have been thinking about how we show faith and receive guidance from God. We have thought about the advice we would give someone if they felt they had lost God. We have also been thinking about St Anthony as it was St Anthony's feast day this week. We completed a trail around the school based on facts about St Anthony's life and completed a fact file about him.

English

In English this week we have been recapping some grammatical terms. We have been thinking about different word categories such as verbs, nouns, adjectives, adverbs, conjunctions and prepositions and have organised words into the correct categories. We have also completed some learning about modal verbs.

Maths

In maths this week we have been learning about time. We have been practising telling the time to minute intervals and 5 minute intervals. We have also learnt about converting time between 12 and 24 hour times. This has been quite a tricky concept and would be good to practise at home. We have also solved some word problems involving time.

Pre teaching

Next week we will be recapping our learning about money. Please use the link below to recap some information about money.

Science

This week in Science we have continued our topic all about States of Matter. We have been learning about solids, liquids and gases and how to sort different items into these categories. We thought about some objects that may be a mixture of states. We have also learnt about how objects can change state.

Pre teaching

Next week we will be doing experiments into melting and evaporating. Please recap evaporation using this link:

Key vocabulary from this week:

Maths vocabulary	English vocabulary
Am	Noun
Pm	Verb
Digital	Conjunction
Analogue	Preposition
Convert	Adjective
	Adverb
	Modal verb

5 Ways to Wellbeing

Keep Learning

Homework

Maths is due Tuesday 21st June 2022. The children have been given a paper copy of this so they can complete it on the sheet.

Have a lovely weekend

Sarah, Abbie and the Year 4 team 😊
