

## Year 2

### R.E

In R.E this week the children have been learning about signs and symbols. Signs tell us information and symbols represent something. The children thought about the signs and symbols around our school. Some signs they found include the sign by the front gate informing people of where our school is and who our head teacher is. They spotted lots of crosses which symbolise our love for Jesus.

### English

We have continued to focus on the book '*How to Make Friends with a Ghost*' by Rebecca Green. The children completed a comprehension task on this story where they gained a better understanding of retrieval and vocabulary questions. The children then went on to design their own ghost considering what it looks like, its personality and hobbies. They will use their designs next week to write instructions on how to care for their ghost.

### Maths

Maths lessons this week have been focused on finding the difference. They have been shown how manipulative can be used to support this, such as cubes or number lines. They have been reminded that when we are finding the difference we subtract the larger number from the smaller number. The children will continue to build upon this learning next week.

### Extra information

- Thank you for your support on Monday for the CAFOD go Green Day.
- It was lovely to have parents and grandparents in school this week for the Harvest performance, we are very proud of the children.
- We break up for half term Thursday 21<sup>st</sup> October at 2.30pm.
- School resumes Monday 1<sup>st</sup> November.
- Parents' evening meetings will take place Tuesday 2<sup>nd</sup> November and Wednesday 3<sup>rd</sup> November.

Have a lovely weekend,

Amy and Megan ☺

## **5 Ways to Wellbeing**

**To Connect:** Can you write a positive message for three different people?  
Can you say something positive to three different friends or members of your family?
