

# Spring Term 1—Must Read Books

Nursery's Must Read Books are books that we read regularly so that we become familiar with them and can start to tell the stories ourselves. Reading books over and over again is not only enjoyable but helps children to develop their vocabulary and comprehension skills. All of these books can be found in local libraries or online.

# Stickman

Stickman is another enjoyable book by one of our favourite authors—Julia Donaldson.

Once again this book helps children begin to recognise rhyming words and remember often repeated words.

# Oi Cat!

This is the third book in the 'Oi Frog' series. Not only does this book help children to understand rhyme but its also very funny and the children love to find out what the frog is going to sit on next!

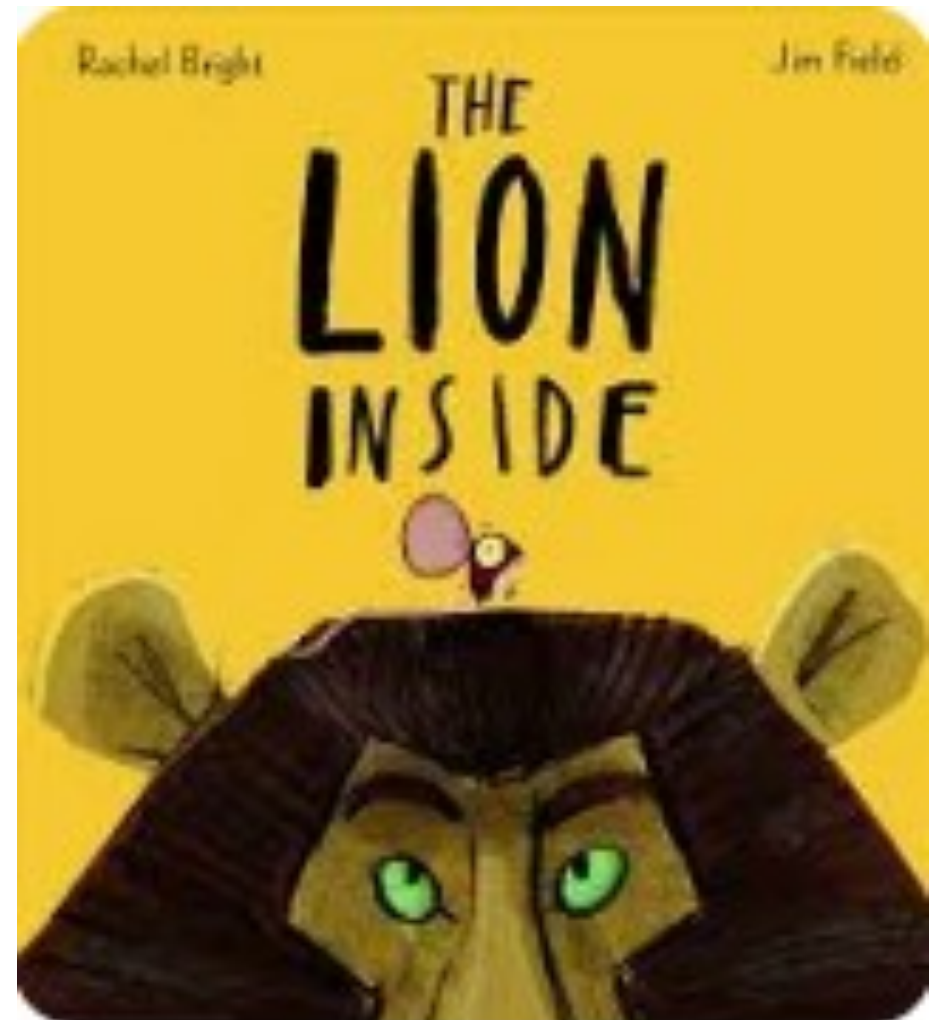

# The Lion Inside

The Lion Inside is a story about confidence, self-esteem and overcoming shyness.

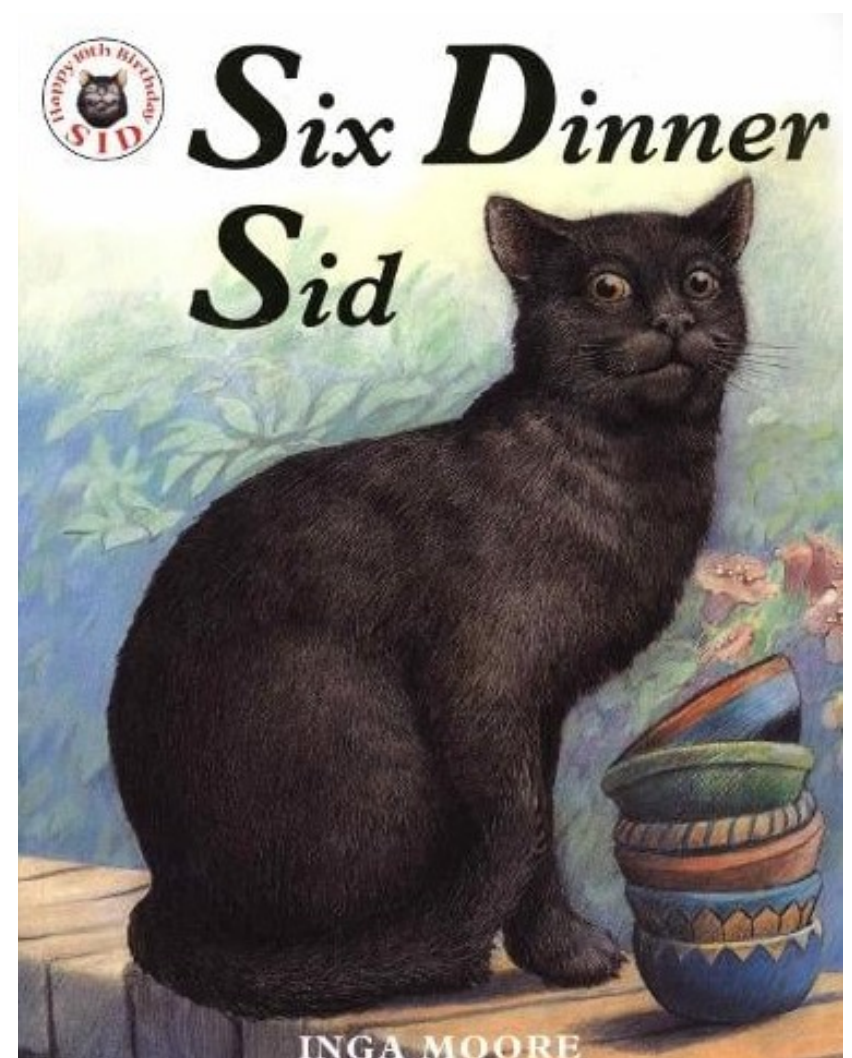

It is a lovely story to help those quieter children in the class begin to find their voice!

# Six Dinner Sid

Sid is a cheeky cat who decides that living in one house and eating one dinner isn't enough!

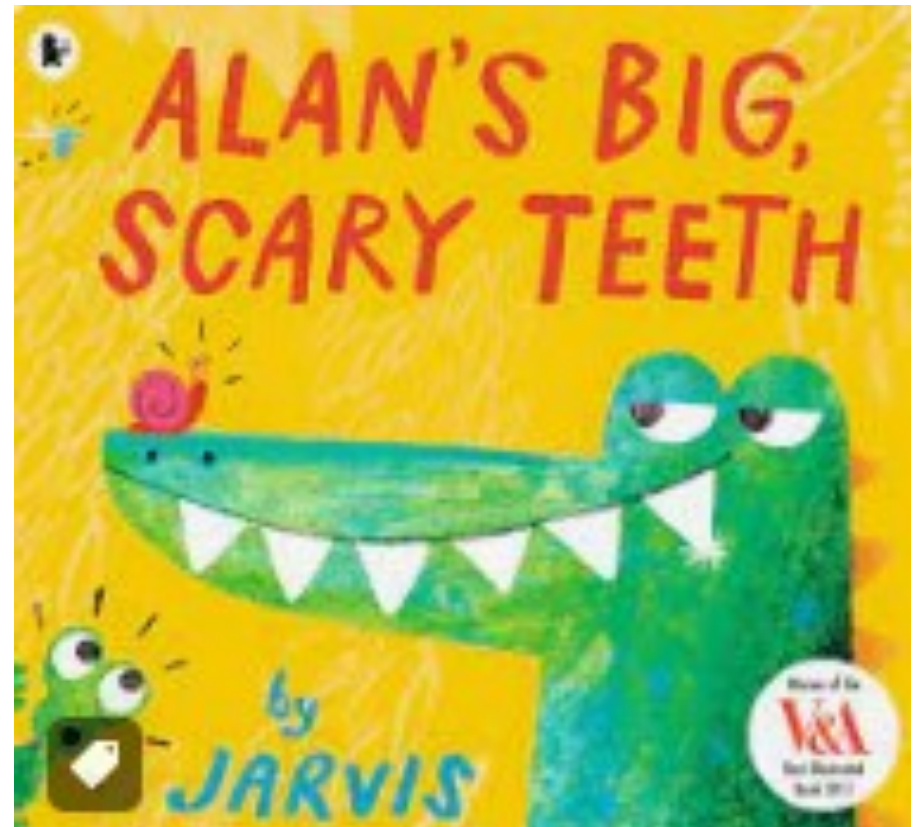

This is a classic book from the 1990s that still makes children laugh today. It also helps us with our numbers as we count how many meals, owners or vet visits Sid has had.

# Alan's Big Scary Teeth

A funny book about a scary crocodile who loves nothing more than to frighten people with his big scary teeth. He doesn't want his biggest secret to get out though—that his teeth aren't real!

This book teaches children about the importance of being kind to others.

# Slinky Malinki

This is another book in the 'Hairy Maclary' series. Naughty Slinky Malinki likes to steal things from other people's houses until he gets caught!
