

## Year 5 Weekly Update 7/7/2023

### Year 5 and 6 Summer Production

The children performed brilliantly in all four of our Summer Production performances this week. We are so proud of the effort that they all put into their singing! Thank you to all parents and carers who supported our production by bringing in costumes and coming in to watch. We hope you enjoyed it as much as we did!

### RE

We have continued to look at stewardship this week. The children have considered verses from *Genesis* about creation and have created some fantastic origami animals inspired by God's creation. We will continue to look at this next week.

*Key Vocabulary: steward, stewardship, responsibility, sustainability, conservation*

*Get ahead: What can you do to be a steward of the world?*

Have a lovely weekend,

Bella, Hannah, and Catherine

Do at least 5 minutes of physical activity each day.

It could be running, football, netball, basketball, or any sport that gets you running around the school field or playground.

### WEEKLY MISSION

## How Big is Love

*Mission*

Every time we choose kindness, we stretch our love to others

If you face a situation where it is difficult to choose love, accept it like a little cross for you to pick up. Remember that when you choose to love you are following Jesus and stretching your love to others.
