Introduction

An overview of the **skills** and knowledge covered in each year group and strand and how these skills are developed through our condensed Music scheme of work.

Opportunities to recognise and apply the **inter-related dimensions of music** run throughout each of our strands and our scheme of work and re highlighted in pink in this document.

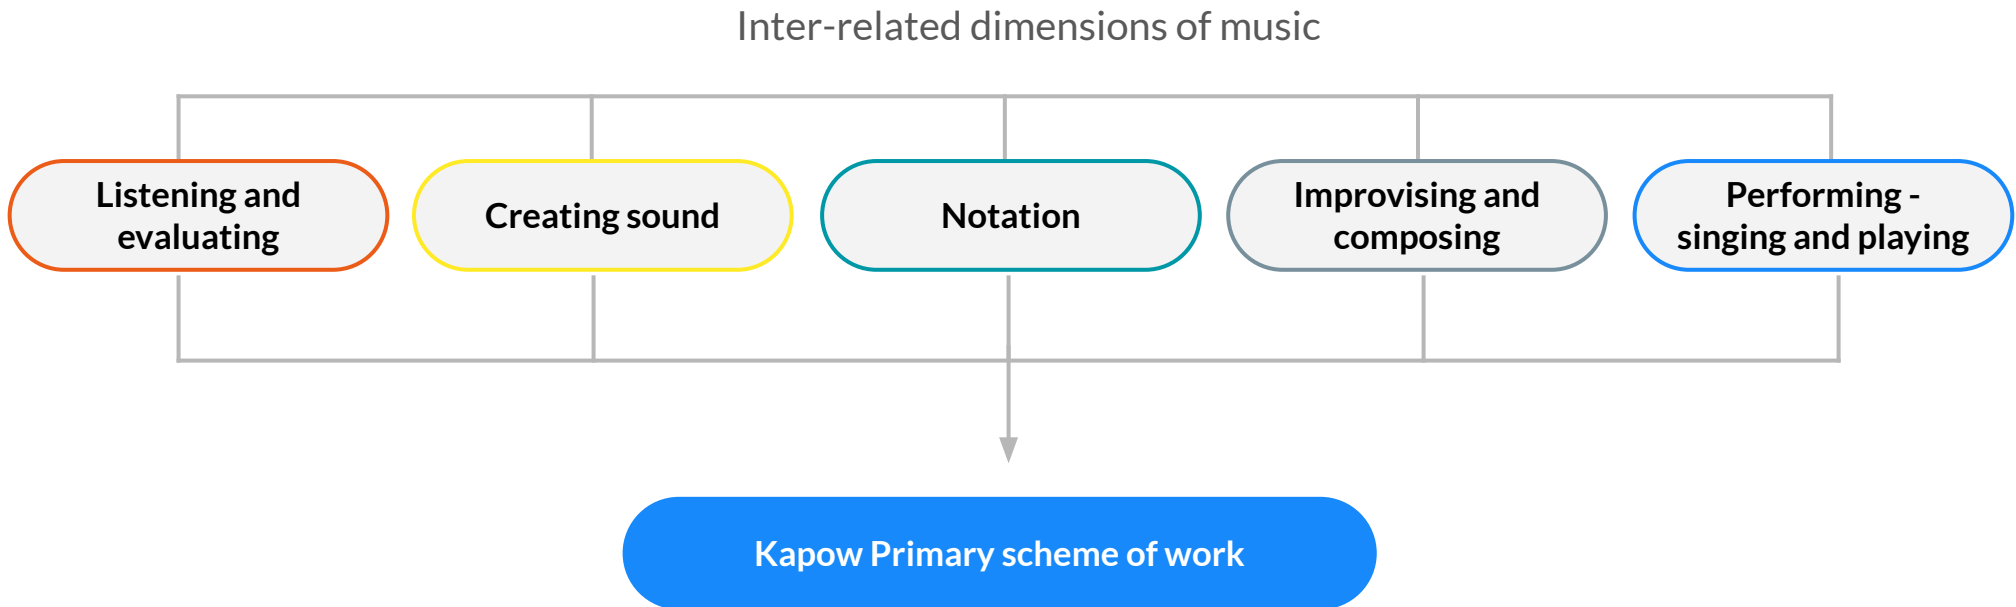

As **Creating sound** is a new strand being introduced to our curriculum, the statements for Key Stage 2 are not currently included. We are gradually integrating this strand to ensure that pupils have established a solid foundation of the necessary technical knowledge before they advance to the Year 3 content.

Notation is now its own strand in our curriculum, and the Key Stage 1 content has been updated to introduce musical notation more gradually. This will help pupils understand notation as a way to communicate pitch and duration of notes before they start learning more about staff notation in Key Stage 2. Although the National Curriculum for Key Stage 1 does not mention staff notation, we believe it is beneficial for pupils to begin recognising simple forms of notation in Key Stage 1, to better prepare them for more formal staff notation in Key Stage 2.

How is the Music scheme of work organised?

Inter-related dimensions of music

The inter-related dimensions of music are:

- Pitch
- Duration (including pulse and rhythm)
- Dynamics
- Tempo
- Timbre
- Texture
- Structure
- Appropriate musical notation

The inter-related dimensions, often known as the building blocks of music, are integral to all strands of our scheme of work.

To clearly demonstrate their presence throughout, we colour code these foundational elements in pink across all strands in the [Progression of knowledge and skills – condensed](#) document.

During class assemblies and productions, pupils may be asked to sing or perform songs beyond these pitch ranges. Be aware that children's voices and pitch ranges develop at different rates and they may not be able to sing in tune accurately throughout the entire piece.

The National curriculum attainment targets for Key Stage 1 do not refer to music notation.
Representing pitch	Developing an awareness of high and low through pictorial representations of sound.		To know that in all pictorial representations of music, representations further up the page are higher sounds and those further down are lower sounds.		
Representing rhythm	Developing an awareness of how simple marks or objects can show single beats and single beat rests. Please note: **Notation** is now its own strand in our curriculum, and the Key Stage 1 content has been updated to introduce musical notation more gradually. This will help pupils understand notation as a way to communicate pitch and duration of notes before they start learning more about staff notation in Key Stage 2.
