

Year 6 Update – Friday 26th June 2026

We hope the children have recovered from their trip to the Isle of Wight and that they all had a good rest after a very busy week. We were delighted with the way the children embraced the different experiences and challenges of the week by working together and supporting each other. The hotel owners, Brendan and Deborah, were delighted with the children as was Ranvir, our coach driver. We also want to say well done to those children who remained at school. They were extremely helpful and hardworking throughout the week. We now move on with rehearsals for the school play. The children are busy putting everything together in preparation for the July 8th performances.

School Production

- The children have been working very hard with our school play rehearsals despite the heat in the hall.
- When the children return after the weekend, we only have five school days before the first dress rehearsal on Monday 6th July.
- It is important that the children know all their lines and the song words by **Monday 29th June**.
- We ask that all children have their costumes ready by **Wednesday 1st July**. If you have any questions regarding costumes, please speak to one of the Year 6 staff.

We hope you have a good (and hopefully) cooler weekend.

Kind regards

The Year Six Team
